TESTIMONIALS

I would like to acknowledge the invaluable service provided by Anne Murphy and her team in managing the process of school identification and application on behalf of my 3 children. As with any move there are many things to be considered including school selection which is a critical consideration in the move of any family.

Foley Family, Ireland

Our consultant was very knowledgeable and offered good advice. We felt that ITS had a strong relationship with admissions people at the schools. Our consultant was very helpful and took time to understand our needs and made every effort to support us.

Jones Family, UK

The entire team at ITS was always very courteous and polite. The process of school placement is arduous and stressful, so it was great to have the expertise and assurance from ITS that everything you could do, was in fact, getting done.

Wilson Family, USA

Our consultant demonstrated deep knowledge of the environment and opportunities available to us, and was even able to cope with our frustrations and concerns during the process.

Torres Family, Brazil

ITS SCHOOL PLACEMENT SERVICE

A PROFESSIONAL CONSULTATION SERVICE THAT FINDS
THE PERFECT EDUCATION PATH FOR YOUR CHILD

WHO WE ARE

ITS Educational Services Ltd is a premier professional education organization providing dedicated counseling and support. From nursery to secondary school, we help identify the best fit for your child. The strength of our school search lies in our diversity and ability to cater to the needs of any family. We believe that this requires pragmatic and sensible planning. With this in mind, ITS provides comprehensive information and support to families.

WHAT WE DO

ITS caters for both organizations and individual families.

We provide:

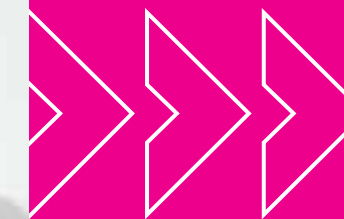

- Guidance on any aspect of education and schooling
- Specialized consultancy and assessment services for parents of gifted children and those with learning difficulties
- Education psychologists services
- In-house UK A-level and IGCSE classes
- Tutorial classes for primary and secondary students on school waitlists
- Preparation for entrance exams

'The strength in our school search lies in our diversity & ability to cater to the needs of any family.'

OUR CONSULTANTS

Our international consultants are experienced educators within the Hong Kong education system. With a wide-ranging knowledge of schools and curricula, as well as an in-depth understanding of the needs of students and parents, our consultants offer a wealth of advice and information to parents looking for the right school.

We search for the very best school and the most suitable environment where each child will thrive.

OUR SCHOOL PLACEMENT SERVICES

ITS offers a wide range of services to meet any family's needs. Our services begin with an initial phone call and end with your child in a school of your choice.

School Placement Process includes:

- Initial consultation
- Student assessment
- School search analysis
- School visits
- Application support
- Assessment/Interview preparation

CORPORATE SUPPORT SERVICES

For relocating employees with children, finding the right education options is one of the key elements in securing a successful relocation.

We offer a range of services for new assignees:

- Educational seminars
- Customized educational research
- Group moves
- School choices for repatriating families

WHY CHOOSE ITS

One of the most important decisions that a parent makes for their child is the choice of school. Finding the right school is a matter of great anxiety for parents moving to Hong Kong who are not familiar with the diverse education system. Our aim is to eliminate the worry and anxiety parents experience with having to find schools. Guided by our experience and knowledge of education, parents can make decisions about schools for their children with confidence.

We work with a consistent level of care, and handle any issues that may arise during the school search process.

'One of the most important decisions that a parent makes for their child is the choice of school.'
